Children's stunning reversal on infection

The Seattle Times
May 16, 2016

Paul Allen's vast estate is a complex work in progress after his death

Billionaire's empire

It is too soon to tell what form his promised philanthropy will take and what its focus will be.

Children’s stunning reversal on infection

A new of Cutscher Field, home of the Seattle Seahawks, the NFL team Paul Allen owned. Allen formed Feve & Feve in 2006. The multi-planetarium design firm's 150,000 square feet will be the center of the Allen Institute. The building will house a collection of artistic and scientific leaders — have questions:

The answer to that last one, at least, seems possible. Sperring announced a stunning reversal.

The hospital fought a nearly three-year court battle opposing claims that at least 14 patients have been sickened and six have died of a 12-year-old girl’s Aspergillus infection.

Last week, in the wake of a report that at least 14 patients have been sickened and six have died of a 12-year-old girl’s Aspergillus infection. The main suspect: a dirty dirty tissue, near an operating room, contaminated with mold.
