

# JOHNSON LINE OF SWEDEN

*Most cordial greetings for success are extended to the city of Seattle and her neighbors in the Pacific Northwest in holding the Century 21-World's Fair to bring the people of the World together for greater understanding and friendship through culture and commerce.*

*The Johnson Line's fast, modern cargo liners are also contributing to this end by carrying your world travelers and exchange of products with Scandinavia, the Continent and United Kingdom since 1914.*

**MS SEATTLE**
